REVIEW REQUIREMENTS	REFERENCE (See www.azleg.gov for applicable statute.)	COMMENTS	REFERENCE Form/Page/Para*
Contents Of The Policy (Minimum Coverage)	A.R.S. § 28-4009(A)	Mandatory financial responsibility law. The owner's motor vehicle liability policy shall: a) designate by explicit description or reference all motor vehicles covered. There is no accumulation of coverage for each separate vehicle covered; and b) insure the person named in the policy as the insured and any other person, as insured, using the motor vehicle with the express or implied permission of the named insured against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of the motor vehicle and shall provide coverage in at least the amounts of \$15,000/\$30,000/\$10,000. By written agreement, the insurer and the insured may agree to exclude a person when operating the motor vehicle. The person shall be designated by name in the exclusion.	
Standard Fire Policy Provisions	A.R.S. §§ 20-1503(A), 20-1504, 20-1505, 20-1506, 20-1507, 20-1508, and 20-1509	No policy of fire insurance covering property located in Arizona shall be made, issued or delivered unless it conforms as to all provisions of the basic policy commonly known as the New York standard fire policy, edition of 1943 (165 lines). "Fire insurance" for the purpose of adding the 165 lines is insurance against the perils of fire or lightning.	
Assignment	A.R.S. § 20-1122	A policy may be assignable or not assignable, as provided by its terms. Personal injury rights are not assignable. <i>Allstate Ins. Co. v. Druke</i> , 118 Ariz. 301, 576 P2d 489.	
Execution	A.R.S. § 20-1116	Every insurance policy shall be executed in the name of and on behalf of the insurer by its officer, attorney in-fact, employee or representative duly authorized by the insurer.	
Unacceptable Provisions			
Annulment	A.R.S. § 20-1123	The contract may not provide for the insurer and the insured to retroactively annul the policy after the occurrence of any injury, death, or damage for which the insured may be liable.	
Household Exclusion	A.R.S. § 28-4009.	A household exclusion in an automobile policy that stated there was no coverage for bodily injury to any insured or any member of the insured's family living in the same household was void to the extent that it violated the minimum limits requirement of the Arizona Financial Responsibility Law. The exclusion was valid beyond the coverage amount mandated by the Financial Responsibility Law. <i>Arceneaux v. State Farm Mutual Automobile Ins. Co.</i> , 26 Ariz. App 126, 546 P.2d 851 (1976).	
Group Policy	No enabling law for property and casualty group insurance as exists for other types of insurance in Title 20.	There is no provision under Arizona insurance law to issue a group property and casualty policy.	
Non-Licensed Entities	Unpublished Requirement	The form may not reference or refer the policyholder to agents, brokers, managing general agents or other entities which do not possess an Arizona license and which are required pursuant to Title 20 to be licensed in this State.	
Personal Injury Rights Non-Assignable; Med-Pay Subrogation limited.	Unpublished Requirement	The reimbursement of medical payments by the insured to the insurer out of any proceeds recovered by the insured from a third party tortfeasor is unenforceable as an assignment of the insured's cause of action against a third party tortfeasor. <i>Allstate Ins. Co. v Druke</i> , 118 Ariz. 301, 576 P.2d 489 (1978). A.R.S. § §20-259.01(J), however, allows liens for medical payment claims in excess of \$5000.

Fire Department Service Charge	A.R.S. § 20-103(B); Unpublished Requirement	Arizona law states that private ambulance service contracts or private fire protection service contracts are not insurance. Therefore, clauses addressing fire protection service contracts should not be included in a policy of insurance and corresponding rates/rating rules addressing fire service contracts are prohibited.	
Void Policy Restrictions	A.R.S. § 20-1115		
Volunteer Work Vehicle Classification	A.R.S. § 20-1631(B)		
Invalidation Of The Policy	A.R.S. § 20-229(D)

A total readability score of 40 or more is required on the Flesch scale. The insurer should enter the Flesch score in the box to the right. The insurer should read the entire rule to determine other requirements of a readable policy.	Flesch Score:

Standards (Forms)			
Cannot Be Ambiguous, Misleading Or Deceptive	A.R.S. §§ 20-398(A); 20-1111(A)(2)	The Department may rely on current Arizona case law when determining whether a clause is ambiguous, misleading or deceptive.	
Uninsured/Underinsured Motorist Coverage (UM/UIM)			
Coverage Offer, Limit Amounts, Applicants and Insured's Selection and Rejection Options	A.R.S. § 20-259.01		
Void Policy Restrictions/Exclusions	A.R.S. §§ 20-1111(A); 20-259.01; Arizona Case Law	<i>Taylor v. Travelers Insurance Company</i> , 196 Ariz. 47, 992 P.2d 1142 (1999) is a restatement of case law that has held that exceptions to coverage not expressly permitted by the UM/UIM statute are void. To assist in making a determination as to whether a policy provision or endorsement is in noncompliance, the ADOI will consider <i>Taylor</i> and all cases cited therein, including but not limited to the following:	
		a. Policy language requiring "physical contact" for UM coverage is void. <i>Lowing v. Allstate Ins. Co.</i> , 176 Ariz. 101, 859 P.2d 724 (1993).	
		b. UM exclusion of damages caused by a government-owned vehicle is invalid. <i>Transportation Ins. Co. v. Martinez</i> , 899 P.2d 194, 183 Ariz. 33 (Ariz. App. Div. 1, 1995).	
		c. Exclusion denying coverage to an insured injured by an UM while the insured is occupying a vehicle owned by the insured, but not listed in the policy, is invalid. <i>Calvert v. Farmers Ins. Co.</i> , 144 Ariz. 291, 697 P.2d 684 (1985).	
		d. A furnished for regular use exclusion in the UIM coverage is void. <i>State Farm Mutual Automobile Ins. Co. v. Duran</i> , 163 Ariz. 1, 785 P.2d 570 (1989).	
		e. An owned but not insured UIM coverage exclusion in automobile policy is void. All purchased amounts of UM/UIM coverage are protected from policy offsets and reductions which are not permitted by law. <i>Higgins v. Fireman's Fund Ins. Co.</i> , 160 Ariz. 20, 770 P.2d 324 (1989).	
		f. UM excess/escape clause is invalid. Where the insured has paid premiums for a particular UM coverage limit that the statute entitles him to purchase, the statute contains no exception permitting an insurer to set a different limit by eliminating or reducing recovery below actual damages simply because another policy fortuitously also provides some coverage. <i>Rashid v. State Farm Mutual Automobile Ins. Co.</i> , 787 P.2d 1066 (1990).	
		g. UIM excess/escape clauses and prorata limit reduction clauses violate the public policy embodied in A.R.S. § 20-259.01 if applied so as to obviate or reduce the UIM coverage and the injured party has not been fully compensated. <i>Brown v. State Farm Mutual Automobile Ins. Co.</i> , 40 Ariz. Adv. Rep. 18, (1989).	
		h. A named driver exclusion cannot extend to UM/UIM coverage. <i>Employers Mutual Casualty Co. v. McKeon</i> , 159 Ariz. 111, 765 P.2d 513 (1988).	
		i. A policy provision authorizing deduction of workmen's compensation benefits from UM recovery is enforceable if it does not deprive the injured party of full compensation. <i>Terry v. Auto-Owners Ins. Co.</i> , 908 P.2d 60 (Ariz. Ct. App. 1995).	
j. UM/UIM Act's definition of UIM coverage precludes an insurer from reducing such coverage based on the insured's receipt of workers' compensation benefits. <i>Cundiff v. State Farm Mutual Automobile Insurance Co.</i> , 174 P.3d 270, 271 (Ariz. 2008).

		k. A contractual provision offsetting the available UM coverage by amounts already claimed under the BI is void. <i>Spain v. Valley Forge Ins. Co.</i> , 152 Ariz. 189, 731 P.2d 84 (1986).	
		l. A non-duplication of benefits endorsement is acceptable only to the extent it will not deprive the injured party of full compensation. <i>Schultz v. Farmers Ins. Co.</i> , 167 Ariz. 148 805 P.2d 381 (1991),	
Transmittal Form			
Filing Transmittal Form	Unpublished Requirement	Paper filings must include a completed Property & Casualty Transmittal Document. The form may be found at the Department's website: http://www.id.state.az.us . As different laws apply, forms and rates must be filed separately.

Minimum Limits	A.R.S. § 20-266	All insurers writing motor vehicle liability policies that insure 6 or less vehicles are required to make available a policy for the mandatory minimum motor vehicle limits as defined in A.R.S. § 28-4009 (\$15,000/\$30,000/\$10,000). An insurer's rating rule that attempts to restrict the insurer's writings to limits higher than the Arizona Financial Responsibility Law's minimum limits would violate the aforementioned statute.	
Rating standards	A.R.S. § 20-383	Rates shall not be excessive, inadequate or unfairly discriminatory.	
Use and File	A.R.S. 20-385(A)		
Supporting Data	A.R.S. 20-385(B)	Actuarial support should include, but is not limited to the following:

		b) Loss development tables;	
		c) Trend exhibit;	
		d) Indicated rate level exhibit; a list of assumptions made in the filing; and,	
		e) Exhibit(s) showing that due consideration was given to past and prospective loss experience, a reasonable margin for underwriting profit and contingencies, to dividends, savings or unabsorbed premium deposits allowed or returned by the insurer to its policyholders, to past and prospective expenses within and outside Arizona and to all other relevant factors. Although countrywide data may be used in the filing, primary justifications should be based on Arizona specific experience.	
Consideration	A.R.S. § 20-384(B)	In setting rates, an insurer shall give due consideration to past and prospective loss and expense experience within and outside this state, to catastrophe hazards, to a reasonable margin for underwriting profit and contingencies, to investment income from unearned premium and loss reserves, to trends within and outside this state, to reasonable dividends or savings to be allowed or returned by insurers to their policyholders, members or subscribers and to all other factors, including judgment factors.	
Industrial Insured Experience	A.R.S. § 20-384(E)	Rates and supplementary rate information <u>cannot be based on</u> or include loss and expense experience attributable to insurance coverage issued to an industrial insured.

Not-at-fault accidents are not chargeable	A.R.S. § 20-263(A)	A rating rule by an insurer that attempts to increase the premiums of an insured as a result of an accident not caused or significantly contributed to by the actions of the insured is not permitted.	
Full Safety Equipment coverage must be offered with comprehensive coverage	A.R.S. § 20-264		
Monthly Pay Plan	A.R.S. § 20-267		
Violations for driving 65 miles per hour (MPH) or less in 55 MPH zone are not chargeable	A.R.S. § 28-702.01	An insurer shall not consider a violation for driving sixty-five miles per hour or less if the maximum speed limit on a public highway in this state is fifty-five miles per hour as a moving traffic violation against the person for the purpose of establishing rates of motor vehicle insurance charges by the insurer and shall not cancel or refuse to renew a policy of insurance because of the violation. A rating rule that does consider the aforementioned would be disapproved.

Seat belt violations are not chargeable	A.R.S. § 28-909(E)	An insurer shall not consider a vehicle restraint (lap and shoulder belt) civil traffic violation against the person for the purposes of establishing rates for motor vehicle liability insurance or determining the insurability of the person and an insurer shall not cancel or refuse to renew any policy of insurance because of such a violation. A rating rule that does consider the aforementioned would be disapproved.	
Setting Rates

Classification	A.R.S. § 20-384(C)		
Premium credit required	A.R.S. § 20-224		
Consideration	A.R.S. § 20-384(B)	In setting rates, an insurer shall give due consideration to past and prospective loss and expense experience within and outside this state, to catastrophe hazards, to a reasonable margin for underwriting profit and contingencies, to investment income from unearned premium and loss reserves, to trends within and outside this state, to reasonable dividends or savings to be allowed or returned by insurers to their policyholders, members or subscribers and to all other factors, including judgment factors.

A schedule rating plan must be equitable and reasonable; therefore, for example, if the maximum debit under the plan is +25%, then the maximum credit also available under the plan should be -25%. The wording in these rating plans shall not make or permit any unfair discrimination in favor of particular persons or between insureds or subjects of insurance having substantially like insuring, risk and exposure factors, or expense elements, in the terms or conditions of any insurance contract, or in the rate or amount of premium charged.
