**ARS § 41-1030(G) requires most Arizona government agencies to prominently print the provisions of ARS § 41-1030(B), (D), (E) and (F) on all license applications.** The following is the language in ARS § 41-1030(B), (D), (E) and (F): **B.** An agency shall not base a licensing decision in whole or in part on a licensing requirement or condition that is not specifically authorized by statute, rule or state tribal gaming compact. A general grant of authority in statute does not constitute a basis for imposing a licensing requirement or condition unless a rule is made pursuant to that general grant of authority that specifically authorizes the requirement or condition. **D.** This section may be enforced in a private civil action and relief may be awarded against the state. The court may award reasonable attorney fees, damages and all fees associated with the license application to a party that prevails in an action against the state for a violation of this section. **E.** A state employee may not intentionally or knowingly violate this section. A violation of this section is cause for disciplinary action or dismissal pursuant to the agency's adopted personnel policy. **F.** This section does not abrogate the immunity provided by section 12-820.01 or 12-820.02.
