A Message from the Director of Insurance

Governor Brewer and Members of the Arizona Legislature:

I am pleased to provide this *2008/2009 Annual Report of the Arizona Department of Insurance (ADOI)*. Financial solvency and consumer protection are the hallmark responsibilities of the Department of Insurance. In calendar year 2008, the ADOI responded to 5,689 insurance complaints and helped Arizona consumers resolve insurance company disputes and recover over \$8 million in claim settlements and insurance transaction refunds.

The insurance industry is a large and integral part of Arizona's economy that provides thousands of jobs, generates hundreds of millions in premium taxes, contributes to research that improves the safety of our citizens, and delivers valuable services that keep businesses operating when a loss occurs. ADOI monitors the financial health of this vital industry to ensure that our insurance companies remain viable and financially solvent.

In 2008, the 1,859 insurance companies licensed in Arizona collectively wrote in excess of \$25 *billion* in premium. ADOI regulates this industry with an increasingly modest budget that translates to less than \$.80 cents per \$1,000 in premium written in Arizona. ADOI supports the economic development of the Arizona insurance industry by ensuring "speed to market" access of new insurance products and encouraging competition among insurers.

ADOI collects insurer fee and assessment revenues that reimburse the General Fund for the amount of its appropriation. In calendar year 2008, the ADOI collected and remitted over \$411 million in insurance premium tax revenues to the General Fund, and over \$30 million to fire fighter and public safety retirement funds.

A balanced approach to insurance regulation compels all insurance market stakeholders to work together to further our mutual goals: protect the interests of Arizona insurance consumers, while fostering the ethical and economic success of the insurance businesses in our state.

My steadfast admiration and appreciation go to the Department's staff for another year of exemplary service to Arizona's insurance consumers, especially in light of recent staff reductions and budget constraints. As always, ADOI remains dedicated to protecting Arizona insurance consumers.

Sincerely,

A handwritten signature in black ink, appearing to read "Christina Elias".

CONSUMER AFFAIRS DIVISION

*Mary Butterfield..... Assistant Director
Catherine O'Neil Ombudsperson
Mary Kitterman Market Assistance Manager
Lorraine McCormack Health Care Appeals Manager*

The mission of the Consumer Affairs Division is to assist, inform and protect Arizona insurance consumers. The Division is comprised of the Consumer Services and Health Care Appeals Sections. The Division provides a full range of consumer information and assistance in response to written, telephonic and walk-in requests, ranging from one-on-one assistance to individuals and businesses, to providing informative publications such as premium comparisons and insurer complaint ratios. The Division also assists with insurance-related education and outreach and helps Arizona businesses locate difficult to find liability insurance.

The Division received, investigated and responded to phone requests, e-mails and formal complaints from the Governor on behalf of her constituents on a wide range of insurance issues. Among other things, constituents needed assistance in getting immediate access to health care, staving off collections of unpaid medical bills that should have been paid by their health insurer, and resolving auto insurance claims. In other cases, constituents needed explanations of various insurance laws including laws relating to long-term care insurance, insurers' ability to use credit in rating and underwriting auto and home insurance, and requirements governing insurers' investigation and settlement of insurance claims.

The Division also assisted federal and state elected officials and their staff in responding to insurance questions from their constituents. The level of assistance provided is dependent on the nature of the request. Our response ranged from verbal explanations to the elected official or their staff on general insurance issues with a specific response to the consumer's questions; to a review of the regulatory and statutory issues and written explanations of our findings; to full blown investigations and written responses to the elected officials and/or their constituents.

Consumer Affairs Highlights for Fiscal Year 2009

- ◆ *Assisted in settlements and recoveries for Arizona consumers totaling \$9,060,374*
- ◆ *Answered 41,409 telephone inquiries*
- ◆ *Processed 4,873 written complaints*
- ◆ *Assisted 499 consumers in person at the Department*
- ◆ *Assisted 317 consumers in finding difficult-to-place commercial liability insurance coverage.*

Consumer Services Section

The Consumer Services Section is the insurance consumer's main point of contact with the Department. Consumer Services personnel provide critical assistance to Arizona's insurance consumers. They receive, investigate and resolve complaints and must be well versed in every kind of insurance. Complaints and inquiries may be about life insurance, annuities and disability as well as health insurance provided by HMOs and PPOs and various types of dental and vision plans. Complaints about automobile, homeowners, title insurance, property, worker's compensation, surplus lines and various types of commercial and liability insurance are also handled by the staff. Division personnel responded to over 41,400 phone calls,

personally met with 499 members of the public, and handled more than 4,800 written complaints and requests for information and assistance regarding insurance-related problems. In fiscal year 2009, the Division assisted consumers in recovering more than \$9 million from insurance companies.

In February 2009, we implemented budget reductions including: elimination of 10 positions in the Consumer Affairs Division (8 Consumer Services Representatives in Phoenix and 2 from Tucson), the closure of our Tucson office, and a reduction in phone service hours.

Division Impact of FY09 Budget Cuts

- **Cut 10 staff positions**
- **Closed Tucson office**
- **Reduced phone services by 3 hours per day**
- **Longer wait times on hold**
- **Increased complaint processing time by approximately 8 weeks**

The ADOI Tucson office provided local consumer assistance and producer licensing services to residents of southern Arizona.

All 1,000 open consumer complaints assigned to the eliminated staff had to be absorbed by the remaining staff. These same representatives also had to assume responsibility for *all* incoming phone calls and assistance for every consumer who walks in to the Department during normal business hours. This means each staff person

now has an average caseload of 250 complaints and this necessarily increased complaint processing time. Regrettably, this means Arizona consumers must wait longer to receive their complaint resolution (an average of 5 to 6 months for written complaints), which may include premium refunds, claim payments or reinstatement of essential insurance policies. It has also hindered our ability to identify problems associated with agent sales practices such as misrepresentation and problems with insurance company operations such as delayed claim handling.

Each employee's backlog was exacerbated by the mandatory furlough of eight hours per week during the last five months of FY 2009 for all remaining staff.

As a direct result of our reduced staff and increased workload, we reduced our consumer phone service from 10:00 a.m. to 4:00 p.m.. The staff reduction created longer wait times for consumers calling or coming to the Department. The economic climate results in callers who are more distressed about their issues and the length of time it takes to resolve their concerns. Consumers are increasingly impatient and angry about the delays they experience which, in turn, resulted in an increase in calls to our Ombudsman.

The advent of new Medicare programs and Medicare related insurance products has led to an increase in the complexity of the inquiries and complaints received from senior citizens and other individuals covered by Medicare. Very often both federal and state laws and ADOI oversight must be considered in resolving complaints. The ADOI, along with the insurance departments of most other states, has a Memorandum of Understanding (MOU) with the federal Centers for Medicare & Medicaid Services (CMS) which permits the sharing of information related to the financial status and complaints about health insurers that contract with CMS as well as the individuals who solicit and market health plans to Medicare beneficiaries in Arizona. ADOI has forwarded CMS information about 116 complaints against Medicare health plans during FY 2009. CMS has just begun to send the Department complaints about agents and sales representatives who market Medicare related products to Arizona residents.

The Health Care Appeals Section administers Arizona's health care appeals law which requires all health insurers to have a multi-tiered process in place through which consumers may appeal insurer claim denials or denials of services, either on an expedited or standard basis.

Health Care Appeals Section

The Health Care Appeals Section administers the 1997 legislation which created a uniform process for Arizona health insurance consumers to appeal insurer claim denials¹ or requests for services². The appeal process affords the insured an unbiased, independent, external level of review administered by the Department.

In general, the health care appeals law³ provides a three-tiered process for insured members to contest denied claims or requests for service. Most appeals follow the standard appeals track, although the law provides an expedited track mirroring the standard process except for significantly reduced time frames at each level.

- Exemptions to Arizona's Health Care Appeals Law**
- Federal plans
 - Workers' Compensation policies
 - Self-funded employee benefit plans
 - Fixed benefit plans (when benefit is based on the "health status of the insured")
 - Long Term Care policies
 - Medicare Supplement policies

	<u>Standard Process</u>	<u>Expedited Process</u>
Level 1	Informal Reconsideration	Expedited Medical Review
Level 2	Formal Appeal	Expedited Appeal
Level 3	External Independent Review	Expedited External Independent Review

To be eligible for an expedited appeal, the insured member's treating provider must submit a written certification and supporting medical documentation indicating that the time required for the standard process "is

likely to cause a significant negative change" in the medical condition at issue in the appeal.

The insured member must exhaust the insurer's internal appeal steps (usually both levels one and two) before requesting external independent review; however, an insurer may choose to accelerate a case to external review at any of the internal levels. The last level of this process allows for a review that is external and independent of the health insurer. Once again, there are two distinct tracks that an external review can follow. If the case concerns a denial arising from a coverage or contractual issue, the Department makes the independent determination. The non-prevailing party may then appeal to the Office of Administrative Hearings, although the Department is not a participant at the hearing.

- Who can request an appeal?**
- The insured member
 - The member's treating provider
 - Parent, if a minor
 - Legal guardian
 - Person authorized to make decisions by a power of attorney

If the case involves a medical necessity issue, an independent medical review organization makes the final determination. The Department contracts with several independent review organizations (IROs) through the state procurement process. For each medical case, the Department selects a reviewer from its list of IROs, sends the case to the selected IRO who completes its medical review and sends its recommended

¹ A denied "claim" occurs when a person has already received care, submitted a claim for payment, and the insurer refuses to pay all or any portion of the claim.

² A denial of "service" occurs when a person has requested a health care service or a referral to a specialist and the insurer refuses to pre-authorize the service. Thus, the desired service has not yet been rendered at the time of the appeal.

³ A.R.S. §§20-2530 through 20-2541.

decision back to the Department for final written determination. The health care insurer has no direct relationship or contact with the IRO at any time during the independent review process. The Department bills the insurer for the cost of the medical review and maintains a revolving fund to pay the IRO fees on a case by case basis. This final medical determination is subject to judicial review, and cannot be appealed to the Office of Administrative Hearings.

Only appeals taken to the third level come to the Department for external review. The external review component of this mandated process provides Arizona health insurance consumers with a valuable, user friendly dispute resolution mechanism that is expeditious and inexpensive. In addition, it is estimated that most insurers overturn approximately half of all appeals at the very first level, so the first level appeal can be very successful for the consumer.

Our mission in the Licensing Section is to provide efficient, effective and quality insurance licensing services to producers and other insurance-related service providers. We ensure that insurance license candidates meet all qualifications before issuing or renewing a license. We review and analyze applications for professional-services licensure, maintain and access agency-specific and national licensing databases, obtain criminal history information on certain applicants, maintain electronic and physical license files, and administer contracts for pre-license examination services and for continuing education provider and course certification.

Licensing Section Performance

Although the professional services licensing population grew by 3.5% during Fiscal Year 2009¹, we continued to operate efficiently, reviewing license and renewal applications in an average of only 3.3 licensing time frame days². Our processing times worsened during the last half of FY 2009 because furloughs (one day per week between February and June) reduced the amount of time we had to complete licensing activities (process license and renewal applications, assist callers, respond to public records requests, etc.).

The following charts illustrate our licensing cycle time and application processing workload during the last two fiscal years on a monthly basis.

License Application Cycle Time

Average time frame days² from date application is received to date license decision is rendered for license decisions rendered during the month.

¹ From 154,182 at June 30, 2008, to 159,593 at June 30, 2009.

² "Licensing time frame days" are the "overall time frame" days, as defined in A.R.S. §41-1072(2), minus the days that the overall time frame is suspended in accordance with A.R.S. § 41-1074(B).

Electronic Licensing.

IPLUS, the Insurance Professional License Update System, remains extremely successful. IPLUS processed over 62% of license renewals during FY 2009, allowing us to focus on more substantive responsibilities and is helping us weather a period of reduced staffing amidst statewide economic and budget concerns. From the IPLUS Web site (<http://iplus.azinsurance.gov>), insurance professionals can update address and telephone number information and, in many cases, can renew licenses. IPLUS automatically updates the Department's database information, immediately reflecting on the insurance professional's license record over the Internet.

IPLUS customers are overwhelmingly satisfied. In customer responses to IPLUS satisfaction surveys administered during FY 2009...

***98.2%** say that IPLUS is easy to use.*

***97.7%** say they would recommend IPLUS to others.*

***89.6%** say they are very satisfied with IPLUS.*

For insurance professionals, using IPLUS is faster and easier than submitting paper documents to us. Insurance companies and the public benefit from information that is updated immediately, without delays that might otherwise occur because of workload backlogs here at the Department.

In addition to renewal application from IPLUS, we receive license applications electronically from the National Insurance Producer Registry (NIPR).

Virtually all applicants who are residents of other states are able to use **NIPR's Electronic Non-resident Licensing ("ENRL") system** to immediately obtain an Arizona non-resident license on the basis of being licensed in good standing in their home state and in the absence of administrative or criminal background on which we would deny a license. During FY 2009, the ENRL system automatically processed 17,323 license applications in minutes.

During FY 2009, we began receiving license applications through **NIPR's Electronic Resident Licensing ("ERL") system**. Arizona residents generally must pass a pre-license exam, submit fingerprints, supply evidence of license eligibility and meet other requirements that cannot be satisfied online. The ERL system processes an applicant's license fees and licensee data automatically. We marry the applicant's physical documents to their electronic application and promptly issue a license. During FY 2009, ERL helped us process 560 license applications in an average of less than one day from the date we received the applicant's physical documents.

Licensing Highlights For Fiscal Year 2009

- ◆ *Processed 26,052 new license applications, an 11.6% decrease from the prior fiscal year.*
- ◆ *Received 17,883 new applications electronically, 68.6% of all new applications received during Fiscal Year 2009, saving approximately \$97.4 thousand in processing costs.*
- ◆ *Processed 22,239 license renewal applications, a 28.2% increase from the prior fiscal year.*
- ◆ *Received 13,851 license renewal applications electronically, 62.3% of all renewal applications received during Fiscal Year 2009, saving approximately \$56.6 thousand in processing costs.*
- ◆ *Satisfied 98.3% of 6,464 customers who responded to licensing satisfaction surveys.*
- ◆ *Reviewed license and renewal applications in an overall average of 3.3 licensing time frame days².*
- ◆ *Saved approximately \$27.0 thousand by producing licenses electronically rather than on paper.*

BUSINESS SERVICES

*Barbara A. Beltran.....Business Services Supervisor
Mary E. Jordan.....Accounting Manager*

The mission of our Business Services Section is to procure, provide and pay for the goods and services needed to support efficient and effective agency operations. We administer employment and benefits issues; coordinate employee recruitment and orientation; purchase supplies, equipment and services; pay vendors and employees, maintain accounting records; distribute and post mail; coordinate office space planning and facilities issues, and oversee the Department's loss control program.

Business Services Highlights for Fiscal year 2009

- ◆ *We redistributed and consolidated work activities, allowing us to fulfill our responsibilities with only four employees.*
- ◆ *We provided administrative support when the agency laid off 5 non-covered employees and reduced its covered workforce by 23 employees. We helped employees with their benefits and retirement issues, and helped locate employment opportunities and other resources.*
- ◆ *We closed two satellite offices and relocated our Investigations Division to our main office.*
- ◆ *We deposited almost \$422 million in revenue into the State General Fund -- over 65 times the Department's \$6.4-million ending General Fund appropriation for FY 2009.*
- ◆ *We processed 99.1% of payments to vendors in 30 days or less.*

FINANCIAL AFFAIRS DIVISION

Steve Ferguson..... Assistant Director
Kurt Regner..... Chief Financial Analyst
Stephanie Lefkowskl..... Captive Chief Analyst
David Lee..... Chief Financial Examiner
Kelly Stephens..... Compliance Section Manager

The mission of the Financial Affairs Division is to identify licensed insurers engaged in unsound financial practices and to require those companies to take corrective actions that bring them into compliance with regulatory standards. License applications are reviewed by the Division to ensure that certificates of authority are issued only to those insurers in sound financial condition. In fulfilling this mission, the Division analyzes periodic financial filings for quantitative and qualitative information, obtains data from other regulatory and public sources and conducts formal on-site financial examinations. Required filings include annual and quarterly financial statements, annual holding company registration statements and audited financial reports. If the Division identifies deficiencies from analysis of available information, the insurer may be required to prepare and implement corrective action plans and/or appropriate enforcement action may be taken. The Division also reviews and must approve the acquisition, merger or withdrawal of an insurer and certain transactions between an insurer and affiliated entities.

In conducting the financial oversight of insurers, the Division is subject to standards for effective financial regulation promulgated through the National Association of Insurance Commissioners (NAIC). The NAIC accredited the Department as compliant with NAIC standards in 2008 and requires annual interim accreditation reports in addition to a full accreditation review every five (5) years. Assistant Director, Steve Ferguson, leads the Division, organized into four sections, the (1) Financial Surveillance Section, (2) Examinations Section, (3) Captive Insurer Analysis Section and (4) Compliance Section.

Financial Surveillance Section

The Financial Surveillance Section conducts ongoing analysis of mandatory financial filings by traditional domestic and foreign insurers. The Section's continuous insurer surveillance results in early detection of financial deficiencies and other operating difficulties which could potentially lead to insolvencies. Financial analysts utilize sophisticated analysis tools to extract and review financial data from NAIC databases. When an analyst detects financial deficiencies, they recommend appropriate corrective actions and assist Division management in its enforcement activities. The Division must report the most serious insurer financial conditions to other state insurance departments and the NAIC.

Financial Surveillance staff must also review traditional domestic and foreign insurer applications for new and amended certificates of authority and provide recommendations for approval on certain domestic insurer transactions.

Captive Insurer Analysis Section

The Captive Insurer Analysis Section is responsible for the ongoing analysis of financial filings of domestic captive insurers. Responsibilities and procedures are similar to those of the Financial Surveillance Section and provide early detection of financial deficiencies and operating difficulties.

Examinations Section

The Examinations Section is responsible for the performance of periodic on-site full-scope financial examinations of domestic traditional and captive insurers. The Examination Section also performs limited scope examinations when the Financial Surveillance Section identifies concerns regarding specific financial conditions or operations of an insurer. The purpose of an examination is to confirm the financial position of a licensed company and its compliance

with statutory financial solvency requirements. The information obtained through the examination assists the Financial Surveillance Section and Division management in its ongoing oversight and enforcement responsibilities. The Department may initiate an examination any time a significant weakness or deficiency is identified. Arizona law requires the Department to conduct a financial examination of each domestic company at least once every five (5) years.

Compliance Section

The Compliance Section is responsible for premium tax collection, statutory deposit administration, maintenance of public records and general administrative support to the Division. The Section is also responsible for insurer customer support services, such as maintenance and dissemination of forms and processing of annual statutory filings.

The *Premium Tax Unit* performs tax report audits and remittance processing functions. All premium tax and annual statutory fee remittance reports are audited and may result in the assessment of additional tax, penalties and interest that the Division must collect from insurers.

The *Trust Deposits Unit* monitors and enforces compliance with trust deposit requirements comprising a \$3 billion portfolio of securities held by the Arizona State Treasurer. The unit also monitors trust deposits held in other jurisdictions that the Division relies upon for an insurer's authority to transact insurance business in Arizona.

- *Licensed 32 new insurers into the Arizona insurance market.*
- *Reduced Compliance Section Staff by 3 employees as a result of budget cuts which reduced our ability to timely comply with public records requests.*
- *Furloughs of Financial and Examination Section staff coupled with increased financial stress on regulated insurance entities had a substantial negative impact on the Division's ability to meet NAIC timeliness standards for regulatory review and action.*

PROPERTY AND CASUALTY DIVISION

Dean Ehler.....Assistant Director
 Jack Sneathen.....Analyst Supervisor

The Division reviews various property and casualty insurance policies, contracts and related forms to ensure that they comply with the law and are not ambiguous, misleading or deceptive. Certain property and casualty rate filings are also reviewed for compliance. The Division monitors the market for specific selected lines of insurance by reviewing material information and by conducting surveys of insurers. Surveys are compiled, the responses analyzed, and the results evaluated to determine the level of competition and the health of the market. The Division is comprised of the Rates & Forms Section and the Registration Section.

The Rates & Forms Section

This Section is primarily responsible for administering property and casualty insurance rate and form laws. Although all major lines of insurance are closely monitored in similar fashion, information on lines of insurance highly vested with the public interest such as the workers' compensation ("WC") and private passenger automobile ("PPA") follows.

Workers' Compensation Market: The following graph compares the 2008 WC incurred loss ratios of the State Compensation Fund ("SCF"), the Top 25 insurers excluding the SCF, and all companies reporting data in their annual statements. The all company incurred loss ratio increased from 82.6% in 2007 to 85.4% in 2008. The SCF incurred loss ratio increased from 95.3% in 2007 to 108.5% in 2008, driving the all company experience.

- Competition is concentrated in the Top 25 insurers, with a 2008 market share of 81.8%.
- Eight groups control 84.8% of the market.
- More insurers are entering the Arizona market (151 insurers wrote more than \$100,000 in direct written premiums in 2008, up from 143 in 2007).
- Medical costs continue to rise, accounting for nearly 60% of expenses.

Private Passenger Automobile Insurance Market: The following graph demonstrates the dollar amount of Arizona PPA premiums written and insurers' incurred losses since 1999. Both written premiums and incurred losses decreased in 2008. This is the first decrease in PPA written premiums in the past 15 years.

- The market is highly competitive.
- The market is concentrated in the Top 25 insurers that have a 73.31% market share.
- The average policy premium in 2008 was \$1,204, down from \$1,216 in 2007.
- In 2008, only 20 insurers wrote more than 1% of the market.
- Accident frequency decreased, while accident severity increased in 2008.
- There continue to be mergers and acquisitions in the PPA market resulting in a few large groups dominating the market and with smaller non-group affiliated insurers

During Fiscal Year 2009, the Rates and Forms Section:

- Qualified 153 surplus line insurers to transact business in Arizona.
- Produced five major consumer-information publications: two semi-annual Automobile Premium Comparisons, the Homeowners' Premium Comparison, the Mobile Homeowners' Premium Comparison, and the Renters' Premium Comparison.
- Conducted surveys of insurers to monitor marketplace competition for the following lines or types of insurance: businessowners, commercial automobile, homeowners, medical malpractice, nursing home liability, other liability, personal automobile, and surety.

Registration Section

This Section is responsible for issuing permits to service companies that contract with consumers to repair appliances or the electrical, plumbing, heating, cooling or air conditioning systems of residential property and for approving motor vehicle service contract programs to include contracts sold by an automobile dealer to service vehicles. The Section also reviews the submission of foreign Risk Retention Groups and registers Risk Purchasing Groups organized in accordance with the Federal Risk Retention Act. Due to budget cuts in fiscal year 2009, personnel from the Rates and Forms Section assumed the responsibilities of this Section.

During Fiscal Year 2009, the Registration Section:

- Issued nine new Service Company permits.

- Registered 22 new Risk Purchasing Groups, increasing the total number of active registered Risk Purchasing Groups to 406.
- Registered ten new Foreign Risk Retention Groups, bringing the total number of active registered Foreign Risk Retention Groups to 96.

LIFE AND HEALTH DIVISION

*Alexandra Shafer Assistant Director
 Linda Beguin, DDS.....Dental Plan Manager
 Ken Schwark.....Managed Care Compliance Manager*

Rates and Forms Review

In fiscal year 2009 the Life and Health Division continued to review policy, rate and advertising forms issued by life and health insurers, health care services organizations (HMOs), non-profit service corporations and prepaid dental plans. Because of budget cuts, the Rates and Forms Manager position was vacant throughout FY 2009. The Division relied heavily on assistance from other ADOJ divisions to complete the statutorily required review.

Type of Filing	Position Assisting
All annuity filings	Dental Plan Manager (Life & Health)
Non-profit health care service corporation filings	Managed Care Health Insurance Analyst (Life and Health)
Life insurance filings	Rules Analyst (Director's Office)
Life and annuity application filings	Admin. Services Assistant II (Business Services Division)
All rate revision filings	Medicare Supplement/Long Term Care Analyst (Life and Health)

With this assistance, in 2009, the Life and Health Division received and reviewed 3706 form, advertising and rate revision filings. These filings contained 19,718 forms and documents subject to review, compared to 20,084 forms and documents in FY 2009. Insurers submitted approximately 2,964, or 80%, of the filings electronically through the System for Electronic Rate and Form Filing (SERFF), the NAIC system used nationwide by insurance departments and insurer. The SERFF filings included 100% of the annuity forms that Life and Health received. Throughout the year, Division staff attended on-line and teleconference training on SERFF. The Division has also overseen implementation of the small group Uniform Employee Health Status Questionnaire under ARS § 20-2305.

Health Care Insurance Oversight

The Division continued its oversight of medical and dental service delivery by HMOs and prepaid dental plans as well as administration of Arizona's provider timely pay and grievance law. The Division reviews statutory reports that insurers file semi-annually as well as copies of provider grievances every year and uses the resulting data to target enforcement activities, as well as educate insurers and providers. In FY 2009, the Division received and analyzed 4,947 copies of provider grievances (compared to 4,882 copies in FY 2008).

In February 2009, budget cuts resulted in the layoff of the Managed Care Program Manager. The Division has had to divert some other managed care staff resources to handle rates and form reviews ("Rates and Forms Reviews", above). With the remaining resources, the Division continues its provider education, complaint

resolution, corrective action enforcement, and compliance examinations of timely pay, HMO service delivery, health care appeals, and previous examination orders.

Non-Insurer Licensing

The Division licenses third party administrators (TPAs) and utilization review agents (URAs). In FY 2009, the Division issued 13 new TPA licenses, and issued or renewed 16 URA licenses. Until FY 2009, one employee handled TPAs and one employee handled URAs. In August, 2009, ADOI laid off one of these employees because of budget cuts.

Administrative Services

The primary administrative function in Life and Health is the administrative completeness review of filings. The administrative staff also handles public record requests; assists public record reviewers for other divisions; directs telephone and e-mail questions; tracks filing status, filed rates, rate revisions, active companies and record retention; and monitors annual insurer reports, such as HIPPA reports. In February 2009, the Administrative Services coordinator was laid off because of budget cuts, leaving an administrative staff of two.

INVESTIGATIONS DIVISION

Charles J. Gregory....Investigations Supervisor

During FY2009, budget cuts resulted in significant staff reductions in the Investigations Division. The Fraud Unit lost nine investigators and one support staff employee, leaving two investigators and one support employee. While referrals to the Fraud Unit continue to increase, we must decline numerous investigations due to our reduced manpower. The Administrative Enforcement Section (AES) also lost an investigator due to budget cuts, leaving 2 investigators to investigate allegations against insurance agents and bail bond agents.

The Division's ability to effectively serve the needs of its constituents is seriously hindered with current staffing and funding. To illustrate, in the fiscal year 2008 the Fraud Unit received 2,163 referrals from insurers, but was only able to investigate 315 cases when it was fully staffed prior to the reduction force. In FY2009 we received 2,659 referrals and were only able to investigate 185. Referrals continue to outpace the Division's current resources so we implemented stricter investigation guidelines to prioritize cases with the highest probability of successful resolution. We also no longer conduct any public awareness or deterrence activities.

FRAUD UNIT

Created as part of the Department of Insurance in 1994 (A.R.S. § 20-466), the Fraud Unit strives to provide quality service and protection to Arizona consumers. The mission of the Fraud Unit is to deter, investigate and facilitate conviction for insurance fraud. The statutes require insurers to refer cases to the Fraud Unit when they suspect "...a *fraudulent claim has been or is being made.*"¹ These statutes also aid in monitoring insurer attempts to apply overly broad fraud deterrence measures that could adversely affect honest claimants.

ADMINISTRATIVE ENFORCEMENT SECTION (AES)

The AES investigates allegations of unauthorized insurance activity and insurance code violations by insurers, agents and other professional service licensees. AES refers apparent violations to the Arizona Attorney General's Office for appropriate enforcement action or, in some cases, enters into Consent Orders with respondents. AES shares investigative activity information with the Market Oversight Division to facilitate coordinated agency efforts.

AES opened 191 investigations, referred 25 cases for administrative action resulting in 33 license revocations, 13 license suspensions, 2 Cease & Desist orders, \$13,500.00 in civil penalties, and \$491,297.02 in restitution.

¹ A.R.S. § 20-466(F)

The following table summarizes the **Fraud Unit's** performance measures for FY 2006 through FY 2009:

² The Fraud Unit receives referrals from insurers about claims that may be fraudulent and from reports by the public.

³ Some of these referrals are submitted for "information only" for which the insurer is not requesting that the referral be investigated. Data also includes referrals that are reviewed and found not to indicate a violation of Arizona law or do not meet our investigations guidelines at this time, due to limited resources.

MARKET OVERSIGHT DIVISION

*Maria G. Chavira Market Analysis Supervisor
Helene I. Tomme ... Market Examinations Supervisor*

To protect Arizona insurance consumers, the Market Oversight Division gathers and analyzes market information and examines possible violations of the insurance code by regulated entities. The Division is comprised of the Market Analysis and Market Examinations sections and uses a broad range of research, analysis and examination tools to evaluate insurer conduct in the market place. The coordinated use of technology, interstate cooperation and intra-agency communication enhances the effectiveness of the Division's examinations efforts.

Market Analysis Section

The Market Analysis Section performs analytical assessment of market information which includes, but is not limited to, data collected from various reporting mechanisms; (i.e. filings, Department surveys, previous regulatory actions, other states regulatory concerns, etc); multiple NAIC tools; internet websites; other regulatory sources; to identify insurers with potential market conduct problems as early as possible, which permits appropriate regulatory intervention to eliminate or reduce harm to consumers. The Market Analysis Section also helps to prioritize and coordinate the various examination activities. Market Analysis facilitates integrated, measured responses to insurer market problems.

Market Examinations Section

The Market Examinations Section executes targeted, issue-specific and comprehensive examinations of insurers' practices based on research from the Market Analysis Section. Examinations determine insurer compliance with Departmental filings and applicable law, including the Unfair Claims Settlement Practices Act. Examinations may result in the imposition of corrective action plans, restitution and/or civil penalties. The Section also monitors compliance with corrective action plans and performs follow-up examinations. In addition to conducting independent exams, the Division may cooperate and participate in multi-state examinations which can also result in the imposition of fines, corrective action plans and a process for re-adjudication of claims previously denied by a company.

Market Oversight Highlights for Fiscal Year 2009

- ◆ *Initiated 15 market conduct examinations.*
- ◆ *Filed 24 market conduct examination reports.*
- ◆ *Assessed civil penalties based on exam findings totaling \$102,480*
- ◆ *Recovered \$26,168 in restitution, including interest, for Arizona policyholders and claimants.*

ARIZONA INSURANCE GUARANTY FUNDS

Michael E. Surguine..... Executive Director

The Arizona Insurance Guaranty Funds serve as a safety net to protect insurance consumers from financial loss in the event that an authorized insurance company becomes insolvent. There are two separate guaranty funds. The Arizona Life and Disability Insurance Guaranty Fund (ALDIGF) covers life insurance, disability insurance (includes health insurance written on an indemnity basis and long term care), and individual annuities. The Arizona Property and Casualty Insurance Guaranty Fund (APCIGF) covers most traditional property and casualty lines. Each guaranty fund is comprised of the insurers authorized in Arizona to write the lines of business that guaranty fund covers. Each guaranty fund is overseen by a Board of Directors. Department staff administer the guaranty funds.

The Property and Casualty Guaranty Fund investigates, adjudicates and pays the claims of Arizona insureds and claimants and provides a defense to the insured where appropriate. The Life and Disability Guaranty Fund pays the claims of Arizona residents or provides for continued coverage under life, disability and annuity contracts. The coverage provided by each guaranty fund is subject to statutory limitations and exclusions. Each guaranty fund levies assessments on its member insurers to generate the necessary funds to meet its obligations. Upon paying a guaranty fund assessment, a member insurer receives a certificate of contribution, which entitles the insurer to a credit against its premium tax obligation to the State.

Since its inception in 1970, the Arizona Property and Casualty Insurance Guaranty Fund has paid out over \$132 million in claims.¹ Since its creation in 1977, the Arizona Life and Disability Insurance Guaranty Fund has paid out approximately \$255 million in benefits to policyholders.

Guaranty Funds Highlights for Fiscal Year 2009

- ◆ *APCIGF paid \$217,583 in claims and loss adjustment expenses on behalf of Arizona policyholders and claimants.*
- ◆ *ALDIGF was activated for two new insolvencies.*
- ◆ *ALDIGF paid \$509,024 in life insurance claims and \$169,976 in disability claims to Arizona residents.*

¹ This amount does not include defense costs paid and loss adjustment expenses incurred by the Guaranty Fund.

RECEIVERSHIP DIVISION

Leslie Hess..... Deputy Receiver

The mission of the Receivership Division is to maximize the ability of insolvent insurance companies to pay valid creditor claims. The Division executes the Director's duties and powers as statutory Receiver of insolvent insurers and oversees their rehabilitation or liquidation, subject to court oversight. Special deputy receivers, attorneys, accountants and other professionals administer the day-to-day affairs of the insolvent insurers' estates, including collection and liquidation of assets and distribution of assets to creditors. In addition, the Division assists Arizonans affected by insurance receiverships domiciled in other states, and works closely with the Guaranty Funds to satisfy insolvent insurers' claim obligations to Arizonans.

During FY 2009, the Division continued the administration of one domestic insurer in liquidation receivership and one foreign insurer in ancillary receivership: Premier Healthcare of Arizona, Inc., and Reliance Insurance Company. American Bonding Company was closed in July 2008.

The Division commenced the receivership of one captive risk retention group, Transurance Risk Retention Group, Inc. in September 2008. Transurance was a captive insurer for a transportation company and wrote commercial automobile, general liability and cargo policies to cover its trucking businesses. The proof of claim bar date is August 10, 2009.

Receivership Highlights for Fiscal Year 2009

- ◆ *The Receivership Division commenced the receivership of Transurance Risk Retention Group, Inc., a captive insurer for a transportation company.*
- ◆ *During the fiscal year, the Receivership Division terminated the receivership of American Bonding Company. Over the life of the American Bonding Company estate, approximately \$36.0 million was distributed to claimants and other creditors.*

CAPTIVE INSURANCE DIVISION

Chief AnalystStephanie Lefkowski

The Department established the Captive Insurance Division in 2002 to provide an alternative mechanism to traditional insurance that enables companies to control and customize their costs and coverages in a manner that is more responsive to their financial objectives. The Division is responsible for the regulatory oversight of these captive entities, including all processes related to licensing, business plan changes, financial surveillance and examination.

Initial Licenses:

Total applicants: 14

Fees collected: \$14,000

Renewals:

Licensees renewed: 99
