A Message from the Director of Insurance

Governor Brewer and Members of the Arizona
Legislature:

I am pleased to provide this *2010/2011 Annual Report of the Arizona Department of Insurance* (ADOI). Financial solvency and consumer protection are the hallmark responsibilities of the Department of Insurance. In calendar year 2010, the ADOI responded to over 6,000 insurance complaints and helped Arizona consumers resolve insurance company disputes and recover over \$5 million in claim settlements and insurance transaction refunds.

The insurance industry is a large and integral part of Arizona's economy that provides thousands of jobs, generates hundreds of millions in premium taxes, contributes to research that improves the safety of our citizens, and delivers valuable services that keep businesses operating when a loss occurs. ADOI monitors the financial health of this vital industry to ensure that our insurance companies remain viable and financially solvent.

In 2010, the 1,828 insurance companies licensed in Arizona collectively wrote nearly \$24 *billion* in premium. ADOI regulates this industry with an increasingly modest budget that translates to approximately \$.55 cents per \$1,000 in premium written in Arizona. ADOI supports the economic development of the Arizona insurance industry by ensuring "speed to market" access of new insurance products and encouraging competition among insurers.

ADOI collects insurer fee and assessment revenues that reimburse the General Fund for the amount of its appropriation. In calendar year 2010, the ADOI collected and remitted over \$413 million in insurance premium tax revenues to the General Fund, and over \$28 million to fire fighter and public safety retirement funds.

A balanced approach to insurance regulation compels all insurance market stakeholders to work together to further our mutual goals: protect the interests of Arizona insurance consumers, while fostering the ethical and economic success of the insurance businesses in our state.

My sincere gratitude goes to Department staff for another year of commendable service to Arizona's insurance community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Christina Urias'. The signature is fluid and cursive.

CONSUMER AFFAIRS DIVISION

Mary Butterfield.....Assistant Director
Catherine O'Neil..... Ombudsperson
Mary Kitterman Market Assistance Manager
Susana LesmeisterHealth Care Appeals Manager

The mission of the Consumer Affairs Division is to assist, inform and protect Arizona insurance consumers. The Division is comprised of the Consumer Services and Health Care Appeals Sections. The Division provides a full range of consumer information and assistance in response to written, telephonic and walk-in requests, ranging from one-on-one assistance to individuals and businesses, to providing informative publications such as premium comparisons and insurer complaint ratios. The Division also assists with insurance-related education and outreach and helps Arizona businesses locate difficult to find liability insurance.

The Division received, investigated and responded to phone requests, e-mails and formal complaints from the Governor on behalf of her constituents on a wide range of insurance issues. Among other things, constituents needed assistance in getting immediate access to health care, staving off collections of unpaid medical bills that should have been paid by their health insurer, and resolving home and auto insurance claims. In other cases, constituents needed explanations of various insurance laws including the new federal Patient Protection and Affordable Care Act (PPACA). Many inquires relate to laws applicable to long-term care insurance, insurers' ability to use credit in rating and underwriting auto and home insurance, and requirements governing insurers' investigation and settlement of insurance claims.

Enactment of the PPACA requires us to monitor federal laws and conduct research to provide training to our staff to enable them to respond to the many additional calls and inquiries from consumers and other interested parties. Training is ongoing because while some of the new laws were effective March 23, 2010, other laws, regulations and requirements are effective at various times over the next several years.

The Division also assisted federal and state elected officials with responses to insurance questions from their constituents. The level of assistance provided depends upon the nature of the request. Our range of responses included verbal explanations to the elected official or staff on general insurance issues with a specific response to the consumer's questions, review of the regulatory and statutory issues with a written explanations of our findings, and full blown investigations with written responses to the elected officials and/or their constituents.

Consumer Services Section

The Consumer Services Section is the insurance consumer's main point of contact with the Department. Consumer Services personnel provide critical assistance to Arizona's insurance

Consumer Affairs Highlights for Fiscal Year 2011

- ◆ *Assisted in settlements and recoveries for Arizona consumers totaling \$5,296,024.57*
- ◆ *Answered 28,213 telephone inquiries*
- ◆ *Processed 6,157 written complaints*
- ◆ *Assisted 424 consumers in person at the Department*
- ◆ *Assisted 174 consumers in finding difficult-to-place commercial liability insurance coverage.*

consumers. They receive, investigate and resolve complaints and must be well versed in every kind of insurance including all state and federal programs such as AHCCCS (Medicaid) and Medicare. Complaints and inquiries may be about life insurance, annuities and disability as well as health insurance provided by HMOs and PPOs and various types of dental and vision plans. Complaints about automobile, homeowners, title insurance, property, worker's compensation, surplus lines and various types of commercial and liability insurance are also handled by the staff. Division personnel responded to over 28,213 phone calls, personally met with 424 members of the public, and handled 6,157 written complaints and requests for information and assistance regarding insurance-related problems. In fiscal year 2011, the Division assisted consumers in recovering more than \$5 million from insurance companies.

The Division continues to feel the effects of the budget reductions of 2009 when we eliminated 10 positions in the Consumer Affairs Division, which included closing our Tucson office. We had to reduce our phone service hours to increase the time staff has to work on complaint files. Each staff person now has an average caseload of nearly 300 complaints and this necessarily increases complaint processing time. Regrettably, this means Arizona consumers must wait longer to receive their complaint resolution (an average of 5 to 6 months for written complaints), which may include premium refunds, claim payments or reinstatement of essential insurance policies.

A severe hail storm in October 2010 generated an increase in calls and complaints as many businesses, autos and homes in the Phoenix area were damaged. Insurance companies reported more than 106,000 hail related homeowner claims as a result of the storm. The Wallow and Monument wildfires in May and June 2011, and the subsequent flooding, also increased the Division's workload.

The Division receives complaints from individuals covered by various Medicare programs and Medicare related insurance products. We must consider both federal and state laws when we resolve these complaints. The ADOI, along with the insurance departments of most other states, has a Memorandum of Understanding (MOU) with the federal Centers for Medicare & Medicaid Services (CMS). The MOU permits information sharing related to the financial status and complaints about health insurers that contract with CMS as well as the individuals who solicit and market health plans to Medicare beneficiaries in Arizona. ADOI forwarded CMS information about 67 complaints against Medicare health plans during FY 2011. CMS sends the Department information they receive about agents and sales representatives who market Medicare related products to Arizona residents.

The Health Care Appeals Section administers Arizona's health care appeals law which requires all health insurers to have a multi-tiered process in place through which consumers may appeal insurer claim denials or denials of services, either on an expedited or standard basis including the right to an external independent review. The new federal laws (PPACA) include a requirement that all health insurers provide the right to request an external independent review of denied claims or services. Certain provisions of PPACA conflict with existing Arizona laws that have been in place since 1997. The Division worked with the US Dept of Health & Human Services (HHS) to assure that the State of Arizona maintains its authority to oversee the External Independent Review Program. On July 29, 2011 HHS notified the Department that it will permit the State of Arizona to continue to administer this program for the benefit of Arizona insurance consumers until at least 2014 as long as the State does not reduce the consumer protections in its external review process below the level applicable as of July 29, 2011.

Health Care Appeals Section

The Health Care Appeals Section administers the 1997 legislation which created a uniform process for Arizona health insurance consumers to appeal insurer claim denials¹ or requests for services². The appeal process affords the insured an unbiased, independent, external level of review administered by the Department.

In general, the health care appeals law³ provides a three-tiered process for insured members to contest denied claims or requests for service. Most appeals follow the standard appeals track, although the law provides an expedited track mirroring the standard process except for significantly reduced time frames

Exemptions to Arizona's Health Care Appeals Law

- Federal plans
- Workers' Compensation policies
- Self-funded employee benefit plans
- Fixed benefit plans (when benefit is based on the "health status of the insured")
- Long Term Care policies
- Medicare Supplement policies

at each level. To be eligible for an expedited appeal, the insured member's treating provider must submit a written certification and supporting medical documentation indicating that the time required for the standard process "is likely to cause a significant negative

	<u>Standard Process</u>	<u>Expedited Process</u>
Level 1	Informal Reconsideration	Expedited Medical Review
Level 2	Formal Appeal	Expedited Appeal
Level 3	External Independent Review	Expedited External Independent Review

change" in the medical condition at issue in the appeal.

The insured member must exhaust the insurer's internal appeal steps (usually both levels one and two) before requesting external independent review; however, an insurer may choose to accelerate a case to external review at any of the internal levels. The last level of this process allows for a review that is external and independent of the health insurer. Once again, there are two distinct tracks that an external review can follow. If the case concerns a denial arising from a coverage or contractual issue, the Department makes the independent determination. The non-prevailing party may then appeal to the Office of Administrative Hearings, although the Department is not a participant at the hearing.

Who can request an appeal?

- The insured member
- The member's treating provider
- Parent, if a minor
- Legal guardian
- Person authorized to make decisions by a power of attorney

If the case involves a medical necessity issue, an independent medical review organization makes the final determination. The Department contracts with several independent review organizations (IROs) through the state procurement process. For each medical case, the Department selects a reviewer from its list of IROs, sends the case to the selected IRO who completes its medical review and sends its recommended decision back to the Department for final written determination. The health care insurer

¹ A denied "claim" occurs when a person has already received care, submitted a claim for payment, and the insurer refuses to pay all or any portion of the claim.

² A denial of "service" occurs when a person has requested a health care service or a referral to a specialist and the insurer refuses to pre-authorize the service. Thus, the desired service has not yet been rendered at the time of the appeal.

³ A.R.S. §§20-2530 through 20-2541.

has no direct relationship or contact with the IRO at any time during the independent review process. The Department bills the insurer for the cost of the medical review and maintains a revolving fund to pay the IRO fees on a case by case basis. This final medical determination is subject to judicial review, and cannot be appealed to the Office of Administrative Hearings.

Only appeals taken to the third level come to the Department for external review. The external review component of this mandated process provides Arizona health insurance consumers with a valuable, user friendly dispute resolution mechanism that is expeditious and inexpensive. A significant number of appeals are overturned by the insurer during the first two levels of appeal.

Licensing

Steven Fromholtz..... Insurance Licensing Administrator

Our mission in the Licensing Section is to provide efficient, effective and quality insurance licensing services to producers and other insurance-related service providers. We ensure that insurance license candidates meet all qualifications before issuing or renewing a license. We review and analyze applications for professional-services licensure, maintain and access agency-specific and national licensing databases, obtain criminal history information on certain applicants, maintain electronic and physical license files, and administer contracts for pre-license examination services and for continuing education provider and course certification.

Licensing Section Performance

Although the professional services licensing population grew by 4.1% during Fiscal Year 2011¹, we continued to operate efficiently, reviewing license and renewal applications in an average of only 1.6 licensing time frame days².

The following charts illustrate our licensing cycle time and application processing workload during the last two fiscal years on a monthly basis.

License Application Cycle Time

Average time frame days² from date application is received to date license decision is rendered for license decisions rendered during the month.

¹ From 163,199 at June 30, 2010, to 169,875 at June 30, 2011.

² "Licensing time frame days" are the "overall time frame" days, as defined in A.R.S. §41-1072(2), minus the days that the overall time frame is suspended in accordance with A.R.S. § 41-1074(B).

Electronic Licensing

During FY 2011, we implemented “**Renewal Preview**” on the PRODUCERS page of our Internet web site (<http://www.azinsurance.gov>), which allows an individual who holds an Arizona insurance license to see the status of requirements that need to be satisfied (such as continuing education) before the individual is eligible to renew the license.

IPLUS, the Insurance Professional License Update System, continues to be extremely successful and it processed 80% of individual license renewals during FY 2011. IPLUS allows us to focus on more substantive responsibilities and has dramatically helped reduce the impact of reduced staffing amidst statewide economic and budget concerns. From the IPLUS Web site (<http://iplus.azinsurance.gov>), individual insurance professionals can update address and telephone number information and, in many cases, can renew licenses. IPLUS automatically updates the Department’s database information and immediately reflects all changes on the insurance professional’s license record over the Internet.

IPLUS customers are overwhelmingly satisfied. In customer responses to IPLUS satisfaction surveys administered during FY 2010...

97.0% say that IPLUS is easy to use.

97.1% say they would recommend IPLUS to others.

90.6% say they are very satisfied with IPLUS.

For insurance professionals, IPLUS is faster and easier than submitting paper documents to us. Insurance companies and the public benefit from information that is immediately updated, without delays that might otherwise occur because of workload backlogs here at the Department. IPLUS is not able to process license renewals for business entities.

In addition to renewal applications from IPLUS, we receive license applications electronically from the National Insurance Producer Registry (NIPR). NIPR functionality will expand in FY 2012 to include license renewals, and NIPR will be able to renew licenses for both individuals and business entities.

NIPR's Electronic Non-resident Licensing ("ENRL") system allows virtually all applicants who are residents of other states to immediately obtain an Arizona non-resident license if they are licensed in good standing in their home state and in the absence of administrative or criminal background on which we would deny a license. During FY 2011, the ENRL system automatically processed 21,028 license applications in minutes.

NIPR's Electronic Resident Licensing ("ERL") system expedites the licensing process for Arizona-resident individuals who pass required insurance examinations to apply and pay for insurance licenses online. Residents usually must also submit fingerprints, supply evidence of license eligibility and meet other requirements that cannot be satisfied online. The ERL system processes an applicant's license fees and licensee data automatically. We match the applicant's physical documents to the electronic application and promptly issue a license. During FY 2011, ERL helped us process 1,498 license applications in an average of less than one day from the date we received the applicant's physical documents.

Licensing Highlights for Fiscal Year 2011

- ◆ *Processed 27,758 new license applications, a 13.8% increase from the prior fiscal year.*
- ◆ *Received 22,528 new applications electronically, 81.2% of all new applications received during Fiscal Year 2011.*
- ◆ *Processed 20,510 license renewal applications, a 15.1% decrease from the prior fiscal year.*
- ◆ *Received 15,496 license renewal applications electronically, 75.6% of all renewal applications received during Fiscal Year 2011.*
- ◆ *Reviewed license and renewal applications in an overall average of 1.6 licensing time frame days².*

BUSINESS SERVICES

*Barbara A. Beltran.....Business Services Supervisor
Mary E. Jordan.....Accounting Manager
Tamika Walton.....Tax Unit Supervisor*

The mission of our Business Services Section is to procure, provide and pay for the goods and services needed to support efficient and effective agency operations, and to assess and fully collect taxes, fees, assessments and other revenues prescribed by Arizona law. We oversee employment and benefits issues; coordinate employee recruitment and orientation; purchase supplies, equipment and services; pay contractors, vendors and employees; collect, audit and deposit over \$400 million in taxes, fees and assessments annually; maintain and reconcile accounting records, and plan expenditures and cash flows for eleven different funds; distribute and post mail; coordinate office space planning and facilities issues; and, oversee the Department's loss control program.

Business Services Highlights for Fiscal Year 2011

- ◆ *We deposited over \$424.7 million in revenue into the State General Fund -- almost 78 times the Department's \$5.4-million ending General Fund appropriation for FY 2011.*
- ◆ *We processed 99.5% of payments to vendors in 30 days or less.*

FINANCIAL AFFAIRS DIVISION

Steve Ferguson..... Assistant Director
Kurt Regner..... Chief Financial Analyst
Stephanie Lefkowskl..... Captive Chief Analyst
David Lee..... Chief Financial Examiner
Kelly Stephens..... Compliance Section Manager

The mission of the Financial Affairs Division is to identify licensed insurers engaged in unsound financial practices and to require those companies to take corrective actions that bring them into compliance with regulatory standards. License applications are reviewed by the Division to ensure that certificates of authority are issued only to those insurers in sound financial condition. In fulfilling this mission, the Division analyzes periodic financial filings for quantitative and qualitative information, obtains data from other regulatory and public sources and conducts formal on-site financial examinations. Required filings include annual and quarterly financial statements, annual holding company registration statements and audited financial reports. If the Division identifies deficiencies from analysis of available information, the insurer may be required to prepare and implement corrective action plans and/or appropriate enforcement action may be taken. The Division also reviews and must approve the acquisition, merger or withdrawal of an insurer and certain transactions between an insurer and affiliated entities.

In conducting the financial oversight of insurers, the Division is subject to standards for effective financial regulation promulgated through the National Association of Insurance Commissioners (NAIC). The NAIC accredited the Department as compliant with NAIC standards in 2008 and requires annual interim accreditation reports in addition to a full accreditation review every five (5) years. Assistant Director, Steve Ferguson, leads the Division, organized into four sections, the (1) Financial Surveillance Section, (2) Examinations Section, (3) Captive Insurer Analysis Section and (4) Compliance Section.

Financial Surveillance Section

The Financial Surveillance Section conducts ongoing analysis of mandatory financial filings by traditional domestic and foreign insurers. The Section's continuous insurer surveillance results in early detection of financial deficiencies and other operating difficulties which could potentially lead to insolvencies. Financial analysts utilize sophisticated analysis tools to extract and review financial data from NAIC databases. When analysts detect financial deficiencies, they recommend appropriate corrective actions and assist Division management in its enforcement activities. The Division must report the most serious insurer financial conditions to other state insurance departments and the NAIC.

Financial Surveillance staff must also review traditional domestic and foreign insurer applications for new and amended certificates of authority and provide recommendations for approval on certain domestic insurer transactions.

Captive Insurer Analysis Section

The Captive Insurer Analysis Section is responsible for the ongoing analysis of financial filings of domestic captive insurers. Responsibilities and procedures are similar to those of the Financial Surveillance Section and provide early detection of financial deficiencies and operating difficulties.

Examinations Section

The Examinations Section is responsible for the performance of periodic on-site full-scope financial examinations of domestic traditional and captive insurers. The Examination Section also performs limited scope examinations when the Financial Surveillance Section identifies concerns regarding specific financial conditions or operations of an insurer. The purpose of an examination is to confirm the financial position of a licensed company and its compliance

with statutory financial solvency requirements. The information obtained through the examination assists the Financial Surveillance Section and Division management in its ongoing oversight and enforcement responsibilities. The Department may initiate an examination any time a significant weakness or deficiency is identified. Arizona law requires the Department to conduct a financial examination of each domestic company at least once every five (5) years.

Compliance Section

The Compliance Section is responsible for statutory deposit administration, maintenance of public records and general administrative support to the Division. The Section is also responsible for insurer customer support services, such as maintenance and dissemination of forms and processing of annual statutory filings.

The *Trust Deposits Unit* monitors and enforces compliance with trust deposit requirements comprising a \$3.2 billion portfolio of securities held by the Arizona State Treasurer. The unit also monitors trust deposits held in other jurisdictions that the Division relies upon for an insurer's authority to transact insurance business in Arizona.

Financial Affairs Highlights For Fiscal Year 2011

- *Licensed 25 new insurers into the Arizona insurance market.*
- *Oversight and direction of Tax Unit operations transferred to the Chief Operating Officer for integration with Business Services accounting systems, enhanced revenue forecasting, and improvements to automated tax reporting, collection and auditing processes.*

PROPERTY AND CASUALTY DIVISION

Dean EhlerAssistant Director
 Jack Sneathen.....Analyst Supervisor

The Division reviews various property and casualty insurance policies, contracts and related forms to ensure that they comply with the law and are not ambiguous, misleading or deceptive. We also review certain property and casualty rate filings for compliance. The Division monitors the market for specific selected lines of insurance by reviewing material information and by conducting surveys of insurers. We compile surveys, analyze the responses, and evaluate the results to determine the level of competition and the health of the market. The Division is comprised of the Rates & Forms Section and the Registration Section.

The Rates & Forms Section

This Section is primarily responsible for administering property and casualty insurance rate and form laws. Although all major lines of insurance are closely monitored in similar fashion, information on lines of insurance highly vested with the public interest such as the homeowners (“HO”) and private passenger automobile (“PPA”) follows.

Homeowners Insurance Market: The following graph compares Arizona HO earned premium to incurred losses for the past ten years. The HO market remains profitable over the long term; however, hail storms resulted in extensive losses in 2010.

- Competition is intense as 118 insurers wrote \$100,000 or more in premium in 2010.
- The 2010 market is concentrated in the Top 25, with a market share of 78.29%. The Top Five insurers control 45.63% of the market.
- Most insurers (95 out of 121) will maintain their current underwriting stance in 2011.
- The incurred loss ratio increased (139.18%, 2010; 47.08%, 2009), as a result of hail storm losses.
- The market remains soft; however, rates trended upward as the weighted average rate change was 2.92% in 2010.

Private Passenger Automobile Insurance Market: The following graph demonstrates the dollar amount of Arizona PPA premiums written and insurers' incurred losses since 2001. Written premiums decreased, while incurred losses increased in 2010. This is the third decrease in PPA written premiums in the past 15 years.

- The market is highly competitive.
- The market is concentrated in the Top 25 insurers that have a 75.28% market share.
- The average policy premium in 2010 was \$1,081, down from \$1,149 in 2009.
- In 2010, only 19 insurers wrote more than 1% of the market.
- Accident frequency and severity increased in 2010.
- Mergers and acquisitions continue in the PPA market resulting in a few large groups dominating the market and with smaller non-group affiliated insurers having difficulty competing with them.

During Fiscal Year 2011, the Rates and Forms Section:

- Qualified 162 surplus line insurers to transact business in Arizona.
- Produced five major consumer-information publications: two semi-annual Automobile Premium Comparisons, the Homeowners' Premium Comparison, the Mobile Homeowners' Premium Comparison, and the Renters' Premium Comparison.
- Conducted surveys of insurers to monitor marketplace competition for the following lines or types of insurance: businessowners, homeowners, medical malpractice, nursing home liability, other liability, personal automobile, and surety.

Registration Section

This Section is responsible for issuing permits to service companies that contract with consumers to repair appliances or the electrical, plumbing, heating, cooling or air conditioning systems of residential property and for approving motor vehicle service contract programs to include contracts sold by an automobile dealer to service vehicles. The Section also reviews applications and registers foreign Risk Retention Groups and Risk Purchasing Groups organized in accordance with the Federal Risk Retention Act and issues licenses to Rating Organizations and Rate Service Organizations. Due to budget cuts in fiscal year 2009, personnel from the Rates and Forms Section continued to assume the responsibilities of this Section.

During Fiscal Year 2011, the Registration Section:

- Issued eight new Service Company permits.

- Registered 15 new Risk Purchasing Groups, increasing the total number of active registered Risk Purchasing Groups to 428.
- Registered five new Foreign Risk Retention Groups, bringing the total number of active registered Foreign Risk Retention Groups to 96.

LIFE AND HEALTH DIVISION

*Alexandra Shafer Assistant Director
Linda Beguin, DDS..... Dental Plan Manager
Ken Schwark..... Managed Care Compliance Manager*

Health Care Reform Activities

In fiscal year 2011, the Life & Health Division organized much of ADOI's participation in Arizona's implementation of federal health care reform. In August 2011, ADOI received a \$500,000 federal grant to assess and improve the effectiveness of its rate review as well as increase the transparency of rate regulation to consumers and other stakeholders. ADOI also entered into an Inter-agency Service Agreement with the Governor's Office of Economic Recovery to assist the Governor's Office with preliminary planning for the development of a Health Insurance Exchange (HIX). ADOI analyzed the gap between ADOI's current functions and the functions required of an HIX, and assessed areas of ADOI expertise that an HIX could leverage rather than duplicate.

On-going Rates and Forms Review

In fiscal year 2011, the Division received and reviewed 3,650 form, advertising and rate revision filings submitted by life and health insurers, health care services organizations (HMOs), non-profit service corporations and prepaid dental plans. This was an increase from the 3,372 filings received in FY 2010. These filings contained 24,714 forms and documents compared to 23,580 forms and documents in FY 2010. The Rates and Forms Supervisor position was vacant for the fourth year in a row, due to budget cuts. As a result, the Division continues to rely on assistance from other ADOI divisions to complete the statutorily required review.

Type of Filing	Position Assisting
All annuity filings	Dental Plan Manager (Life & Health)
Non-profit service corporation filings	Managed Care Health Insurance Analyst (Life and Health)
Life insurance filings	Rules Analyst (Director's Office)
Life insurance application filings	Admin. Services Assistant II (Business Services Division)

Insurers submitted 85% of filings electronically through the System for Electronic Rate and Form Filing (SERFF), the NAIC system used nationwide by insurance departments and insurers. SERFF accounted for 96% of form filings overall, 100% of annuity form filings, 98% of rate review filings, and 85% of advertisement filings.

Health Care Insurance Oversight

Although the Managed Care Program Manager position has been vacant since February 2009, the Division continues its oversight of medical and dental service delivery by HMOs and prepaid dental plans, as well as administration of Arizona's provider timely pay and grievance law. Oversight activities include provider education, complaint resolution, corrective action enforcement, and compliance examinations in the areas of timely pay, HMO service delivery, and previous examination orders.

The Division also reviews statutory reports that insurers file semi-annually and copies of provider grievances to target enforcement activities, as well as educate insurers and providers. In FY 2011, the Division received and analyzed 3,617 copies of provider grievances (compared to 4,155 copies in FY 2010). These grievances reflected claims disputes worth \$2,065, 687.

Non-Insurer Licensing

The Division licenses third party administrators (TPAs) and utilization review agents (URAs). In FY 2011, the Division issued or renewed five URA licenses issued 22 new TPA license and renewed 233 TPA licenses. As part of its regulation of Arizona TPAs, the Division collected \$49,725 in 2011 annual filing fees.

Administrative Services

The primary administrative function in Life and Health is the administrative completeness review of filings. Two administrative staff also: handle public record requests; assist public record reviewers for other divisions; direct telephone and e-mail questions; track filing status, filed rates, rate revisions, active companies and record retention; and monitor annual insurer reports, such as HIPPA reports.

Life and Health Highlights

for Fiscal Year 2011

INVESTIGATIONS DIVISION

Charles J. Gregory....Investigations Supervisor

Significant staff reductions in the Division's Fraud Unit and Administrative Enforcement Section (AES) in FY2009 continue to impact productivity in FY2011. Even though we were able to re-hire one full-time investigator in June 2010 and another in March 2011, the Fraud Unit could only investigate 87 of the 2,290 referrals from insurers. Referrals continue to outpace the Division's current resources, so we apply strict investigation guidelines to prioritize cases with the most egregious allegations and/or the highest probability of successful resolution. While some cases occasionally attract publicity, we cannot afford to dedicate any investigative staff time to public awareness and deterrence activities.

FRAUD UNIT

The mission of the Fraud Unit is to deter, investigate and facilitate conviction for insurance fraud. Arizona statutes require insurers to refer cases to the Fraud Unit when they suspect "...a fraudulent claim has been or is being made."¹ These statutes also aid in monitoring insurer attempts to apply overly broad fraud deterrence measures that could adversely affect honest claimants.

The following table summarizes the **Fraud Unit's** performance measures for FY 2008 through FY 2011:

Reporting Categories	FY2008	FY2009	FY2010	FY2011
Total Fraud Referrals ² Received	2,163	2,659	2,496	2,290
a. Referrals for Information Only ³	1,848	2,474	2,407	2,203

Amount Saved by Insurers	650,274	391,222	305,919	409,551

¹ A.R.S. § 20-466(F)

² The Fraud Unit receives referrals from insurers about claims that may be fraudulent and from reports by the public.

³ Some of these referrals are submitted for "information only" for which the insurer is not requesting that the referral be investigated. Data also includes referrals that are reviewed and found not to indicate a violation of Arizona law or do not meet our investigations guidelines at this time, due to limited resources.

ADMINISTRATIVE ENFORCEMENT SECTION (AES)

The AES investigates allegations of unauthorized insurance activity and insurance code violations by insurers, agents and other professional service licensees. AES refers apparent violations to the Arizona Attorney General's Office for appropriate enforcement action or, in some cases, enters into Consent Orders with respondents. AES shares investigative activity information with the Market Oversight Division to facilitate coordinated agency efforts.

AES opened 160 investigations, referred 10 cases for administrative action, obtained in 17 license revocations, 12 license suspensions, 5 Cease & Desist orders, \$12,500 in civil penalties, and \$201,014.00 in restitution.

The following highlights successes of the **Administrative Enforcement Section**:

Reporting Categories	FY2009	FY2010	FY2011
Investigations Opened	191	133	160
Investigations Closed	154	168	155

MARKET OVERSIGHT DIVISION

*Maria G. Chavira Market Analysis Supervisor
Helene I. Tomme ... Market Examinations Supervisor*

To protect Arizona insurance consumers, the Market Oversight Division (MOD) gathers and analyzes market information and examines possible violations of the insurance code by regulated entities. The Division uses a broad range of research, analysis and examination tools to evaluate insurer conduct in the market place and to determine the most efficient response to that conduct. The coordinated use of technology, interstate cooperation and intra-agency communication enhances the effectiveness of the Division's examination efforts.

The Division often assists the Department in various industry surveys or information gathering for data that is not readily available on various topics.

Market Analysis Section

The Market Analysis Section performs analytical assessment of market information, including but not limited to, data collected from various reporting mechanisms, multiple NAIC tools, websites, and other regulatory sources. This analysis permits the Department to identify insurers with potential market conduct problems as early as possible and to take the appropriate regulatory intervention to eliminate or reduce harm to consumers. The Market Analysis Section also helps prioritize and coordinate the various examination activities.

Market Examinations Section

The Market Examinations Section executes targeted, comprehensive and issue-specific examinations of insurers' practices based on research from the Market Analysis Section. Examinations determine insurer compliance with Departmental filings and applicable law, including the Unfair Claims Settlement Practices Act. Examinations may result in the imposition of corrective action plans, restitution and/or civil penalties. The Section also monitors compliance with corrective action plans and performs follow-up examinations. The Division cooperates and participates in multi-state examinations which can result in the imposition of fines, corrective action plans and a process for re-adjudication of claims previously denied by a company.

Market Oversight Highlights for Fiscal Year 2011

- ◆ *Initiated 12 market conduct examinations.*
- ◆ *Filed 13 market conduct examination reports.*
- ◆ *Assessed \$310,000 in civil penalties*
- ◆ *Recovered \$30,409 in restitution, including interest, for Arizona policyholders and claimants.*

ARIZONA INSURANCE GUARANTY FUNDS

Michael E. Surguine..... Executive Director

The Arizona Insurance Guaranty Funds serve as a safety net to protect insurance consumers from financial loss in the event that an authorized insurance company becomes insolvent. There are two separate guaranty funds. The Arizona Life and Disability Insurance Guaranty Fund (ALDIGF) covers life insurance, disability insurance (includes health insurance written on an indemnity basis and long term care), and individual annuities. The Arizona Property and Casualty Insurance Guaranty Fund (APCIGF) covers most traditional property and casualty lines. Each guaranty fund is comprised of the insurers authorized in Arizona to write the lines of business that guaranty fund covers. Each guaranty fund is overseen by a Board of Directors. Department staff administer the guaranty funds.

The Property and Casualty Guaranty Fund investigates, adjudicates and pays the claims of Arizona insureds and claimants and provides a defense to the insured where appropriate. The Life and Disability Guaranty Fund pays the claims of Arizona residents or provides for continued coverage under life, disability and annuity contracts. The coverage provided by each guaranty fund is subject to statutory limitations and exclusions. Each guaranty fund levies assessments on its member insurers to generate the necessary funds to meet its obligations. Upon paying a guaranty fund assessment, a member insurer receives a certificate of contribution, which entitles the insurer to a credit against its premium tax obligation to the State.

Since its inception in 1970, the Arizona Property and Casualty Insurance Guaranty Fund has paid out over \$132 million in claims.¹ Since its creation in 1977, the Arizona Life and Disability Insurance Guaranty Fund has paid out approximately \$256 million in benefits to policyholders.

Guaranty Funds Highlights for Fiscal Year 2011

- *APCIGF was activated for Atlantic Mutual Insurance Company (NY), Centennial Insurance Company (NY), and The Insurance Corporation of New York (NY)*
- *ALDIGF was activated for National States Insurance Company (MO)*

¹ This amount does not include defense costs paid and loss adjustment expenses incurred by the Guaranty Fund.

RECEIVERSHIP DIVISION

Leslie Hess..... Deputy Receiver

The mission of the Receivership Division is to maximize the ability of insolvent insurance companies to pay valid creditor claims. The Division executes the Director's duties and powers as statutory Receiver of insolvent insurers and oversees their rehabilitation or liquidation, subject to court oversight. Special deputy receivers, attorneys, accountants and other professionals administer the day-to-day affairs of the insolvent insurers' estates, including collection and liquidation of assets and distribution of assets to claimants and creditors. In addition, the Division works closely with the Guaranty Funds to satisfy insolvent insurers' claim obligations to Arizonans and assists Arizonans affected by insurance receiverships domiciled in other states.

During FY 2011, the Division continued the administration of four domestic insurers in liquidation receivership and one foreign insurer in ancillary receivership: Premier Healthcare of Arizona, Inc., Transurance Risk Retention Group, Inc., Astraea Risk Retention Group, Inc., Thureus Insurance Group, Inc. and Reliance Insurance Company.

Receivership Highlights for Fiscal Year 2011

- ◆ *The Receivership Division substantially completed the proof of claim process for Transurance Risk Retention Group, Inc.*
- ◆ *The Division implemented the proof of claim process for Astraea Risk Retention Group, Inc. and Thureus Insurance Group, Inc. All timely proofs of claim were filed with the receiverships and are in the process of being adjudicated.*

CAPTIVE INSURANCE DIVISION

Chief AnalystStephanie Lefkowski

The Department established the Captive Insurance Division in response to legislation in 2002 to create an alternative mechanism to traditional insurance that enables companies to control and customize their costs and coverages in a manner that is more responsive to their financial objectives. The Division is responsible for the regulatory oversight of these captive entities, including all processes related to licensing, business plan changes, financial surveillance and examination.

CAPTIVE FEES REPORT:¹

Total fiscal year 2011 licensing fees collected: \$524,000

Initial Licenses:

Total applicants: 7
Fees collected: \$7,000

Renewals:

Licenses renewed: 94
Fees collected: \$517,000

Division Highlights for Fiscal Year 2011

- ◆ Total active captive insurers:

- ◆ 30% of all active captives were formed for the medical industry (physicians, hospitals, nursing homes, etc.)
- ◆ 22% were formed for the construction industry
- ◆ 15% were formed for the finance and insurance industry

Budget cuts in FY09 required staff reduction and position vacancies that created delays that continued into FY11. These delays impact financial surveillance responsibilities, communication and follow-up related to various regulatory issues of captive insurers.

PUBLIC INFORMATION RESOURCES

Internet Resources

www.azinsurance.gov

The Department's website was updated with a new look and layout. It is a primary means for the public and industry to obtain information about the Department's activities, reports, publications, new laws, etc.

An important service on our website allows visitors to "look up" any insurance company, producer and other licensees, to verify licensure and obtain basic financial and licensing data. The *Look Up* feature enhances the public's access to information about licensed insurance companies operating in Arizona. Before an insurance consumer opts to do business with a particular agent or insurance company, they can verify on-line that they are licensed by the Department of Insurance. In addition, they can now view complaint data for insurers.

The Department has several webpage features to increase agency transparency, including a Public Records Request page, a Public Meeting Notice page, and a Regulatory Activity page which links visitors to our hearing calendar and a list of agency enforcement actions. This year we added a page that details our administration of a grant received from the U.S. Department of Health and Human Services (HHS) to increase public awareness of ADOI's regulation of health insurance rates. In addition, the ADOI continues to post all of its Regulatory Bulletins, including its annual summary of insurance related legislation.

The Department still offers free email subscriptions to various mailing lists. Subscribers can receive immediate copies of Department Press Releases and Regulatory Bulletins. This service allows us to communicate directly and promptly with our constituents.

Consumer Resources

The Department's website layout still categorizes information by visitor and by type of insurance, but we've added a section entitled "I Want Information about..." to help visitors navigate according to their questions. We continually add links to various external and internal resources, including a myriad of publications. We have educational literature on a wide range of insurance topics, such as auto and homeowner premium comparisons and complaint ratios, guides to health insurance and the Health Care Appeals process, and title insurance resources.

Anyone wishing to file a complaint with the Department can print our complaint form (in English or Spanish) and then fax, mail, email or bring it to the Department. There is also a special email address visitors can use to submit questions or request literature.

Insurer and Producer Resources

The Department's website offers current and prospective insurance professionals

fast service, 24 hours a day, 7 days a week. Dozens of official Department forms and instructions for financial filings, and rate and form filings are posted. In addition, surveys and other reporting forms are available on-line for quicker access and completion. And, the ADOI accepts tax reports and tax payments electronically from insurance companies through the **OPTins** system.

There is an extensive page dedicated to producer licensing which contains license applications, forms, an up-to-date fee schedule, a summary of law changes, and "frequently asked questions". There is also continuing education information, including forms, approved courses and course providers.

Insurance producers will find the page dedicated to them is continually updated and expanded. **iPlus** is an on-line service that allows eligible resident and non-resident insurance professionals to quickly renew licenses, and update their address and telephone information: iplus.azinsurance.gov.

Consumer Publications

The Department publishes numerous consumer literature resources, available on the Department's website at www.azinsurance.gov or by calling or visiting the Department. In addition, the Department distributes several key insurance-related publications from other federal and state regulatory agencies which can be obtained by calling (602) 364-2499 or (800) 325-2548.
